

March 6, 2014 – 5 Libraries Receive Early Childhood Grants

Vermont Birth to Three has awarded grants totaling \$18,300 to Westford Public Library, Tunbridge Public Library, Johnson Public Library, Winooski Memorial Library and Jeudevine Memorial Library in Hardwick. The funds support various outreach efforts identified by librarians of the local communities, which tie in with the efforts of Vermont Birth to Three's [Family, Friend and Neighbor program](#). With grant funds the libraries will be able to supplement resources utilized by informal care givers, such as grandparents and neighbors, who benefit from access to ideas, tools, and materials that help them interact in a fun and age-appropriate way while enhancing childhood literacy.
